

2015-2015 Standard 7 Goals

MCPS 8th Grade Science

Student Achievement Goal:

The pre-test will be administered during the first 6 weeks of school to establish a baseline performance. Based on these results, specific goals will be set to show student academic improvement. Review and reinforcement through laboratory investigations will continue throughout the school year to aid student progress in science. During the final grading period, a final assessment will be used to document student progress for the year.

Point Range	Tier	Goal
0-3	1	Improve to tier 2
4-6	2	Improve to tier 3
7-9	3	Improve to tier 4
10-12	4	Improve to tier 5
13-15	5	Maintain tier 5 & increase 1 point if possible
